1 Initial Settings and Basic Operations

1.1 Logging In

Open the login page of the APRIN e-Learning Program (eAPRIN).

URL: <https://edu.aprin.or.jp/>

If you have been notified by the administrator at your institution that single sign-on access to eAPRIN is available from the internal portal site, etc., you can configure your settings to allow login via single sign-on. See [“5. Logging in Using an Institutional Account.”](#)

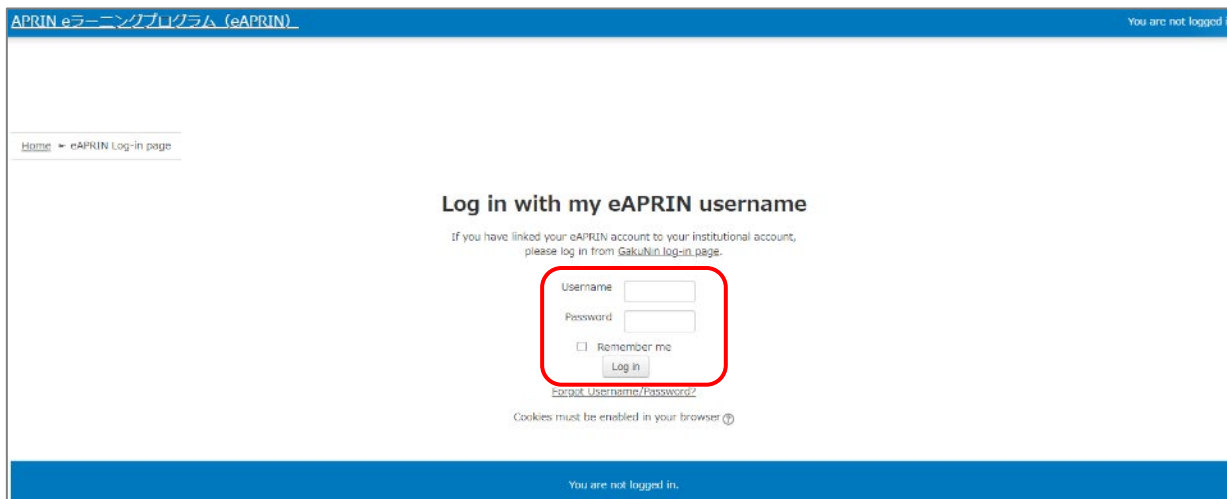

- * The login page for single sign-on users (GakuNin Log-in page) differs from the ordinary eAPRIN Log-in page.
- * This page is accessed via the internal portals, etc. of the institutions where single sign-on access is available.

Click [**Log in**].

Enter the username (ID) and the password, and then click the [**Log in**] button.

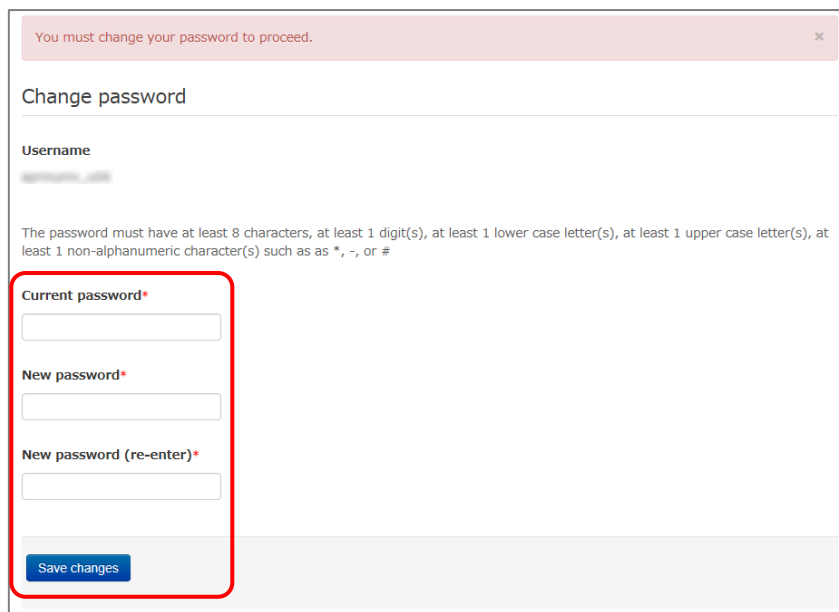

1.2 Things to Check at the First Login

When prompted to change password after your first login, set a new password according to the rules below. If the password edit page does not appear, proceed to the next page.

The password must be at least **eight characters**.

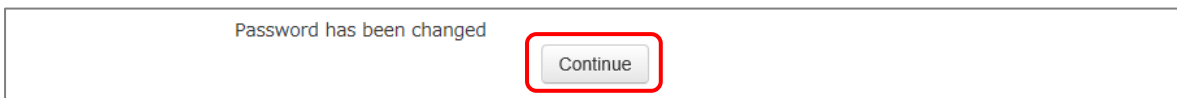

- ✓ Include at least one **numerical character** (0-9)
- ✓ Include at least one **lowercase letter** (a-z)
- ✓ Include at least one **uppercase letter** (A-Z)
- ✓ Include at least one **non-alphanumeric character** (.,:;!/?_+/*@#&\$)

Enter your current password and new password, then click the [**Save changes**] button.

The screenshot shows a web form titled "Change password". At the top, there is a red notification bar that says "You must change your password to proceed." Below this, the form has a "Username" field. A password requirement message states: "The password must have at least 8 characters, at least 1 digit(s), at least 1 lower case letter(s), at least 1 upper case letter(s), at least 1 non-alphanumeric character(s) such as as *, -, or #". Three password input fields are present: "Current password*", "New password*", and "New password (re-enter)*". A blue "Save changes" button is located at the bottom of the form. A red rectangular box highlights the three password input fields and the "Save changes" button.

When the message "Password has been changed" is displayed, press the [**Continue**] button.

The screenshot shows a confirmation message box with the text "Password has been changed". To the right of the text is a grey "Continue" button. A red rectangular box highlights the "Continue" button.

The profile edit page is displayed. Confirm that your first name, surname and email address are correct (change them if necessary). Set [Letter Size] here if necessary.

The screenshot shows a profile edit page for 'Test Aprin'. At the top, it says 'Please confirm/edit the contents, and click the "Update profile" button below. Please be sure to input items with * marks.' There is an 'Expand all' link. The 'General' section contains three input fields: 'First name*' with 'Test', 'Surname*' with 'Aprin', and 'Email address*'. A red box highlights these three fields, with a callout box pointing to them that says 'Check these settings and modify them if necessary. Register an email address currently available.' Below the email field is a link: 'How to set Email address (Click to display)'. At the bottom, there is a 'Letter size' dropdown menu set to 'Default', with a red box around it and a callout box pointing to it that says 'Change the letter size here if necessary.'

At the first login, confirm that the registered email address is correct.

- Make sure to register using an email address currently available. You must be able to receive emails to reset password, e.g., if you have forgotten your password. (Refer to "[4 Troubleshooting](#).”)
- Change to correct address when dummy address is set by default.

How to set Email Address

- Enter an e-mail address currently available.
- An e-mail address already registered on the system cannot be used. An error occurs if the email address you set is already registered on the system. If this happens, use a different email address.
- When you change the e-mail address and press the [Update profile] button, a [confirmation e-mail](#) will be sent to your new address. You must click the link in the e-mail to complete the change.

If you don't receive the e-mail, you might have entered an incorrect e-mail address. In that case, contact the grade administrator of your institution /department.

Scroll down the profile edit page until the [Course etc] is displayed.

APRIN 事例集教材

技術者向けの倫理：事例集

【序言】

この事例集教材は、高専、大学、大学院などで開設される技術者倫理科目での使用を意図して作成されたものです。

技術者倫理科目では、事例を題材に学生に議論させることがしばしば行われますが、学生に事例の詳細な情報が与えられていないと、議論が深まらないことがよくあります。これまでも、技術者倫理に関係する事例集は発行されていますが、多くの事例を網羅的に紹介したものが主流で、いくつかの事例に絞って掘り下げたものはあまりありませんでした。

そこで、学生の議論を盛り上げるために、個々の事例について、1回分の講義に見合う詳細な情報を提供することを意識して、この事例集は作られました。各章の章末にはディスカッション課題の例題を提示しており、講義の題材としてお使いいただけます。それぞれのディスカッション課題の主要な論点についても、担当教員向けに用意されています。

5 Logging in Using an Institutional Account*

*Institutional account: The account for logging in to the internal portal site of your university, etc. (institutional authentication system).

If your institution's institutional authentication system is compatible with linkage to eAPRIN, you can log in to eAPRIN using your institutional account.

To use this means of access, you will first need to link your accounts. Once you have completed the linkage process, you will be able to log in to eAPRIN simply by selecting your institution on "GakuNin Log-in page" of eAPRIN, as long as you are logged in to the institutional authentication system.

Once you have linked your accounts, you will no longer be able to log in to eAPRIN using your eAPRIN username (ID) and password. If you subsequently need to log in to eAPRIN again using your eAPRIN username (ID) and password (for example, if you will no longer be able to log in via the institutional authentication system because you are leaving the university), you will need to cancel the link between your accounts. If you wish to cancel the link between your accounts, please ask the grade administrator to do so.

5.1 Linking Your Institutional Account to Your eAPRIN Account

Access the log-in page for single sign-on users (GakuNin Log-in page) via the internal portal site of your institution. Choose your institution from the drop-down menu under “Log in with my institutional account” and then click the [Login] button.

If you cannot log in, please log in from eAPRIN log-in page. (Details)

You are not logged in. [Log in](#)

If an error occurs and you are unable to proceed, the following may be the cause of the problem:

- A) The institution you belong to is not linked to eAPRIN via single sign-on (GakuNin authorization)
- B) The account cannot use the single sign-on (GakuNin authorization) linkage

In this case, the account cannot be linked. Please log in from the ordinary eAPRIN Log-in page (<https://edu.aprin.or.jp/>).

If you are not logged in to your institutional authentication system, the login page for your institutional authentication system will then be displayed. Log in using your institutional account.

The “Link with registered eAPRIN account” page will be displayed. Enter your **eAPRIN username (ID) and password**, then click the [Log in] button.
